

Dear British Car Owner,

The Toronto Triumph Club is seeking your support for a very worthy cause - **The Hospital for Sick Children**, in Toronto. Children are the lifeblood & future of our hobby and sadly any one of them could fall victim to serious illnesses. **The SickKids Foundation** provides financial support to aid research & patient care via the **Possibilities Fund**. The **Toronto Triumph Club & British Car Day**<sup>®</sup> are proud to be official partners with **SickKids**<sup>®</sup> in raising much needed funds to help achieve their goals.

On Sunday, June 26th, we are holding our second annual **Taste of British Car Day**<sup>®</sup> special fundraising and media event at the picturesque **Black Creek Pioneer Village**. Centrally located just north of highway 401 and east of highway 400 in North York, Black Creek provides the ideal location to show off our beautiful British classics to a wider public audience and invited media representatives from mainstream newspaper, Internet, TV and radio outlets.

Cars will be grouped around the village among the restored 18th & 19th century buildings and also on the village green. The site can comfortably hold 130 vehicles. To promote the wide variety of British cars displayed at BCD each year, we're asking that you support this important event. We're not looking for concours cars, they just need to be presentable. It's more important that you wish to support this worthy cause and are willing to make a minimum \$20 donation. The major proceeds will go to SickKids<sup>®</sup> and a donation will also be made to Black Creek Pioneer Village for hosting the event. Last year we raised \$4,000! Sponsors are being sought to help cover expenses, so if you know of any vendors who would like to help, please let us know!
